

SEXTANT EUROPE

Sextant Europe is a fund that invests in shares of large-cap European companies. It is constructed independently of any reference index, based on a selection of companies with a market capitalization strictly above 500 million Euros. It is eligible for the French Equity Savings Plan (Plan d'Épargne Actions, PEA) with at least 75% invested in European Union and European Economic Area equities.

Stock focus

We have taken a position in **Sanofi**, which has now digested a large part of the fall in sales of its anti-diabetes product, Lantus. Sanofi now has a diversified portfolio of low-risk products that generate cash. Moreover, Sanofi will soon benefit from the introduction of products developed in collaboration with US company Regeneron, of which one (Dupixent, which treats atopic dermatitis) could be a blockbuster.
